ABOUT BLACKBERRY SMOKE

Acclaimed American rock band Blackberry Smoke is “one of the premier acts of bluesy country-rock” (*Rolling Stone*) and an undeniable force in music today. Throughout their renowned and prolific career, the band has released eight studio albums including their latest, *Be Right Here*, which was produced by Grammy Award-winning producer Dave Cobb and debuted at #1 on the Current Country Albums chart, Americana/Folk Albums chart and Current Rock Albums chart last year. Released to widespread acclaim, *Premier Guitar* praised, “Blackberry Smoke is what happens when real musicians tell authentic stories through great songs,” while *Relix* proclaimed, “*Be Right Here* is what Blackberry Smoke has been heading toward all along.”

Since forming in 2001, the Georgia-based band has toured relentlessly, performing countless headline shows across the U.S., Europe and beyond, building a strong and loyal community of fans. In addition to their work as musicians, the band is deeply committed to charitable work and formed the Brit Turner Family Fund, a non-profit supporting several national foundations committed to curing children's cancer. With these efforts, the band has raised over \$1,000,000 to date benefitting cancer research. Most recently, Blackberry Smoke raised over \$26,000 with their hometown show at Atlanta's Cadence Bank Amphitheatre at Chastain Park this past summer, which celebrated the life and legacy of the band's late drummer, Brit Turner.
